MANGROVE VS TRADE IDEAS

Looking for a Trade Ideas alternative?

Mangrove turns trading ideas written in plain language or code into tested strategies that run with guardrails, while your funds stay in your own wallet.

Start free, no card required

Mangrove or Trade Ideas: the short answer

Choose Mangrove if you want a free plan, crypto support and non-custodial automation of strategies you own.

Choose Trade Ideas if you day trade US equities and want a real-time scanner.

Why Mangrove

- **Non-custodial:** your funds stay in your wallet, with no lockup. Disconnect anytime.
- **AI Strategy Engine** turns plain-language ideas or code into executable logic with risk parameters.
- **Tested before it trades:** every strategy is backtested across 900 time windows.
- **Built-in guardrails:** stop losses, drawdown limits, circuit breakers and position sizing.
- **Transparent costs:** gas, slippage, spread and exchange fees are accounted for automatically.
- **Scale:** 50K+ strategies generated daily, 4M+ strategies in the dataset and 223 signals in an open-source library (per mangrove.ai).

FAQ

Who holds my funds with Mangrove?
You do. Mangrove is non-custodial: your funds stay in your wallet, with no lockup, and you can disconnect anytime.

Where do the Trade Ideas prices come from?
From Trade Ideas' own pricing page. Check their site for current prices.

Does Mangrove charge trading fees?
Trading fees apply only to profitable trades, in addition to plan pricing. Students who sign up with a .edu email get 3 months of Intermediate free, then 30% off Intermediate or Advanced for life.

See if Mangrove fits your strategy.

Start on the Free plan with up to 5 paper and 3 live strategies, no card required. Upgrade when you want Strategy Engine experiments.
